REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE SHAREHOLDERS OF MUNSHAAT REAL ESTATE PROJECTS K.S.C.P.

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Munshaat Real Estate Projects Company K.S.C.P. (the “Parent Company”) and its subsidiaries (collectively, the “Group”) as at 30 June 2022, and the related interim condensed consolidated statement of profit or loss and the interim condensed consolidated statement of comprehensive income for the three-month and six-month periods then ended, and the related interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the six-month period then ended. The management of the Parent Company is responsible for the preparation and presentation of the interim condensed consolidated financial information in accordance with International Accounting Standard IAS 34, *Interim Financial Reporting* (“IAS 34”). Our responsibility is to express a conclusion on the interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, “*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*”. A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with IAS 34.

Material Uncertainty Related to Going Concern

We draw attention to Note 2 in the interim condensed consolidated financial information, which states that although the Group generated a net profit of KD 1,751,009 during the six months ended 30 June 2022, as of that date, the Group has significant debt exposure and its current liabilities exceeded its current assets by KD 18,992,426. In addition to the above, the Group’s accumulated losses at the reporting date amounted to KD 18,883,389. These events or conditions, along with other matters as set forth in Note 2 to the interim condensed consolidated financial information, indicate that a material uncertainty exists that may cast significant doubt on the Group’s ability to continue as a going concern.

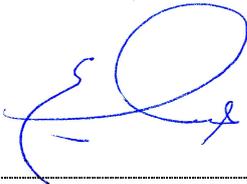

Our conclusion is not modified in respect of this matter.

REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE SHAREHOLDERS OF MUNSHAAT REAL ESTATE PROJECTS K.S.C.P. (continued)

Report on Other Legal and Regulatory Requirements

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016, as amended, and its executive regulations, as amended, or of the Parent Company's Memorandum of Incorporation and Articles of Association, as amended, during the six-month period ended 30 June 2022 that might have had a material effect on the business of the Parent Company or on its financial position.

We further report that, during the course of our review, to the best of our knowledge and belief, we have not become aware of any violations of the provisions of Law No. 7 of 2010 concerning the Capital Markets Authority and its related regulations, during the six-month period ended 30 June 2022 that might have had a material effect on the business of the Parent Company or on its financial position.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION (UNAUDITED)

As at and for the period ended 30 June 2022

1 CORPORATE INFORMATION

The interim condensed consolidated financial information of Munshaat Real Estate Projects Company K.S.C.P. (the “Parent Company”) and its subsidiaries (collectively, the “Group”) for the six months ended 30 June 2022 was authorised for issue in accordance with a resolution of the board of directors of the Parent Company on 10 August 2022.

The consolidated financial statements of the Group for the year ended 31 December 2021 were approved by the shareholders at the AGM held on 18 May 2022. No dividends have been declared by the Parent Company.

The Parent Company is a public shareholding company incorporated and domiciled in Kuwait and whose shares are publicly traded on Boursa Kuwait. The Parent Company’s head office is located at ITS Tower, Mezzanine floor, Mubarak Al Kabeer Street, Sharq and its registered postal address is P.O. Box 1393, Dasman 15464, Kuwait.

The Parent Company of Munshaat Real Estate Projects Company K.S.C.P. is Aref Investment Group S.A.K. (“Ultimate Parent Company”), a closed shareholding company incorporated and domiciled in Kuwait.

The Parent Company is principally engaged in the provision of investment and financial services in accordance with Islamic Sharia principles as approved by the Group’s Fatwa and Sharia Supervisory Board. The Group is principally engaged real estate activities and operations.

2 FUNDAMENTAL ACCOUNTING CONCEPT

For the period ended 30 June 2022, although the Group generated a net profit of KD 1,751,009, as of that date, its current liabilities exceeded its current assets by KD 18,992,426. In addition to the above, the Group’s accumulated losses at the reporting date amounted to KD 18,883,389.

The interim condensed consolidated financial information has been prepared on a going concern basis, which assumes that the Group will be able to meet the mandatory repayment terms of the banking facilities taking into consideration the following assumptions:

- ▶ Management has prepared a detailed cashflow analysis for the next 12 months to assess the liquidity position of the Group and identify liquidity gaps under various scenarios. The management has concluded that the Group will be able to meet all its obligations due.
- ▶ Management has successfully negotiated with a related party financial institution to reschedule the principal repayment terms of Islamic finance payables, with principal repayments being rescheduled and resulting in a reduction in current liabilities.
- ▶ Management has implemented a number of cost saving measures at the hotels owned and by managed by the Group.

Management acknowledges that uncertainty remains over the Group’s ability to meet its funding requirements and to refinance or repay its banking facilities as they fall due. However, based on the facts and circumstances known at this moment, management has determined that the use of the going concern assumption is warranted and has a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. If for any reason the Group is unable to continue as a going concern, then this could have an impact on the Group’s ability to realise assets at their recognised values and to extinguish liabilities in the normal course of business at the amounts stated in the interim condensed consolidated financial information.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION (UNAUDITED)

As at and for the period ended 30 June 2022

3 BASIS OF PREPARATION AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES

3.1 Basis of preparation

The interim condensed consolidated financial information for the three months ended 30 June 2022 have been prepared in accordance with IAS 34 *Interim Financial Reporting*. The Group has prepared the interim condensed consolidated financial information on the basis that it will continue to operate as a going concern. The management considered that material uncertainties exist that may cast doubt significant doubt over this assumption (Refer to Note 2 for further details). They have formed a judgement that there is a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future, and not less than 12 months from the end of the reporting period.

The interim condensed consolidated financial information does not include all the information and disclosures required in the annual consolidated financial statements, and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2021.

3.2 New standards, interpretations and amendments adopted by the Group

The accounting policies adopted in the preparation of the interim condensed consolidated financial information are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2021, except for the adoption of new standards effective as of 1 January 2022. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Several amendments and interpretations apply for the first time in 2022, but do not have an impact on the interim condensed consolidated financial information of the Group

IFRS 9 Financial Instruments – Fees in the '10 per cent' test for derecognition of financial liabilities

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. There is no similar amendment proposed for IAS 39 Financial Instruments: Recognition and Measurement.

These amendments had no impact on the interim condensed consolidated financial information of the Group as there were no modifications of the Group's financial instruments during the period.

4 OPERATING REVENUE AND COSTS

5 EARNINGS (LOSS) PER SHARE (EPS)

Basic EPS amounts are calculated by dividing the profit (loss) for the period attributable to ordinary equity holders of the Parent Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is calculated by dividing the profit (loss) for the period attributable to ordinary equity holders of the Parent Company by the weighted average number of ordinary shares outstanding during the period plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares. As there are no dilutive instruments outstanding, basic and diluted earnings (loss) per share are identical.

6 RIGHT-OF-USE ASSET AND INVESTMENT PROPERTIES

b. Investment properties (continued)

- a) The fair value of investment properties was independently determined as at 31 December 2021 by accredited independent valuers who are specialised in valuing such type of properties. There were no changes in the Group's valuation processes, valuation techniques, and types of inputs used in the fair value measurements during the interim period. For properties located in KSA, management updated certain assumptions to reflect the latest information and developments mainly based on market conditions existing at the end of the interim reporting period resulting in a remeasurement loss of KD 163,254 (30 June 2021: KD 464,196) for the period then ended. For properties located in Kuwait, management believes that there are no significant circumstances during the interim period that have arisen since year-end which may have a significant impact on fair value.
- b) Investment properties with a carrying value of KD 8,572,037 (31 December 2021: KD 8,572,037; 30 June 2021: KD 8,572,037) are pledged against Islamic finance payables (Note 10).

7 INVESTMENT IN ASSOCIATES

The Group holds interests in a number of associates operating in KSA and accounted for using the equity method.

The movement in the carrying amount of investment in associates during the period/ year is, as follows:

	<i>30 June</i>	<i>(Audited)</i>	<i>30 June</i>
	<i>2022</i>	<i>31 December</i>	<i>30 June</i>

Exchange difference on translation of foreign operations	(18,274)	4,768	17,890
At the end of the period/year	18,086,835	17,989,328	18,143,602

Investment in associates with a carrying value of KD 16,977,136 (31 December 2021: KD 16,928,461; 30 June 2021: KD 16,488,766) are pledged against Islamic finance payables (Note 10).

The Group carried out an impairment assessment during the fourth quarter of the immediately preceding annual reporting period resulting in no impairment loss against any of the associates. Since the impairment test was performed at the end of the last annual reporting period, in light of current economic situation management believes that there are no new triggering events during the current interim period that require the Group to perform an impairment test in accordance with IAS 36.

Islamic finance payables bear an average finance cost of 3.30% (31 December 2021: 3.25%; 30 June 2021: 3.25%) per annum and are denominated in Kuwaiti Dinars.

Murabaha payables are secured over certain of the Group's investment properties. The tawarruq facility with a carrying amount of KD 43 million is secured over certain of the Group's investment properties, investment in associates and subsidiaries.

During the period, the management has successfully negotiated with a related party financial institution to reschedule the principal repayment terms of Islamic finance payables, with principal repayments being rescheduled and resulting in a reduction in current liabilities.

Banking covenants vary according to each loan agreement. A future breach of covenant may require the Group to repay the Islamic finance payable on demand. During the current interim period, the Group did not breach any of its loan covenants, nor did it default on any other of its obligations under its loan agreements.

11 FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, based on the lowest input that is significant to the fair value measurement as a whole, as follows:

- ▶ Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ▶ Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ▶ Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For financial instruments that are recognised at fair value on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

There were no changes in the Group's valuation processes, valuation techniques, and types of inputs used in the fair value measurements during the period.

Set out below that are a summary of financial instruments and non-financial assets measured at fair value on a recurring basis, other than those with carrying amounts that are reasonable approximations of fair values:

The valuation techniques and inputs used in this interim condensed consolidated financial information are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2021.

The fair value of financial instruments classified as level 3 are, in certain circumstances, measured using valuation techniques that incorporate assumptions that are not evidenced by the prices from observable current market transactions in the same instrument and are not based on observable market data. The Group employs valuation techniques, depending on the instrument type and available market data. For example, in the absence of active market, an investment's fair value is estimated on the basis of an analysis of the investee's financial position and results, risk profile and other factors. Favourable and unfavourable changes in the value of financial instruments are determined on the basis of changes in the value of the instruments as a result of varying the levels of the unobservable parameters, quantification of which is judgmental. The management assessed that the impact on profit or loss or other comprehensive income would be immaterial if the relevant risk variables used to fair value the financial instruments classified as Level 3 were altered by 5 percent.

For other financial assets and financial liabilities carried at amortised cost, the carrying value is not significantly different from their fair value as most of these assets and liabilities are of short-term maturity or are re-priced immediately based on market movement in profit rates.
