REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF MUNSHAAT REAL ESTATE PROJECTS K.S.C.P.

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Munshaat Real Estate Projects Company K.S.C.P. (the “Parent Company”) and its subsidiaries (collectively, the “Group”) as at 30 June 2023, and the related interim condensed consolidated statement of profit or loss and the interim condensed consolidated statement of comprehensive income for the three-month and six-month periods then ended, and the related interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the six-month period then ended. The management of the Parent Company is responsible for the preparation and presentation of the interim condensed consolidated financial information in accordance with International Accounting Standard IAS 34, Interim Financial Reporting (“IAS 34”). Our responsibility is to express a conclusion on the interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, “*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*”. A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with IAS 34.

Material Uncertainty Related to Going Concern

We draw attention to Note 2 in the interim condensed consolidated financial information, which states that although the Group generated a net profit of KD 5,999,715 during the six months ended 30 June 2023, as of that date, the Group has significant debt exposure and its current liabilities exceeded its current assets by KD 15,146,429. In addition to the above, the Group’s accumulated losses at the reporting date amounted to KD 13,948,791. These events or conditions, along with other matters as set forth in Note 2 to the interim condensed consolidated financial information, indicate that a material uncertainty exists that may cast significant doubt on the Group’s ability to continue as a going concern.

Our conclusion is not modified in respect of this matter.

REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF MUNSHAAT REAL ESTATE PROJECTS K.S.C.P. (continued)

Report on Other Legal and Regulatory Requirements

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016, as amended, and its executive regulations, as amended, or of the Parent Company's Memorandum of Incorporation and Articles of Association, as amended, during the six-month period ended 30 June 2023 that might have had a material effect on the business of the Parent Company or on its financial position.

We further report that, during the course of our review, to the best of our knowledge and belief, we have not become aware of any violations of the provisions of Law No. 7 of 2010 concerning the Capital Markets Authority and its related regulations, during the six-month period ended 30 June 2023 that might have had a material effect on the business of the Parent Company or on its financial position.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION (UNAUDITED)

As at and for the period ended 30 June 2023

1 CORPORATE INFORMATION

The interim condensed consolidated financial information of Munshaat Real Estate Projects Company K.S.C.P. (the “Parent Company”) and its subsidiaries (collectively, the “Group”) for the six months ended 30 June 2023 was authorised for issue in accordance with a resolution of the board of directors of the Parent Company on 3 August 2023.

The consolidated financial statements of the Group for the year ended 31 December 2022 were approved by the shareholders at the annual general assembly meeting (“AGM”) held on 18 May 2023. No dividends have been declared by the Parent Company.

The Parent Company is a public shareholding company incorporated and domiciled in Kuwait and whose shares are publicly traded on Bursa Kuwait. The Parent Company’s head office is located at ITS Tower, Mezzanine floor, Mubarak Al Kabeer Street, Sharq and its registered postal address is P.O. Box 1393, Dasman 15464, Kuwait.

The Parent Company of Munshaat Real Estate Projects Company K.S.C.P. is Aref Investment Group S.A.K. (“Ultimate Parent Company”), a closed shareholding company incorporated and domiciled in Kuwait.

The Parent Company is principally engaged in the provision of investment and financial services in accordance with Islamic Sharia principles as approved by the Group’s Fatwa and Sharia Supervisory Board. The Group is principally engaged real estate activities and operations.

2 FUNDAMENTAL ACCOUNTING CONCEPT

For the period ended 30 June 2023, although the Group generated a net profit of KD 5,999,715 as of that date, its current liabilities exceeded its current assets by KD 15,146,429. In addition to the above, the Group’s accumulated losses at the reporting date amounted to KD 13,948,791.

The interim condensed consolidated financial information has been prepared on a going concern basis, which assumes that the Group will be able to meet the mandatory repayment terms of the banking facilities taking into consideration the following assumptions:

- ▶ Management has prepared a detailed cashflow analysis for the next 12 months to assess the liquidity position of the Group and identify liquidity gaps under various scenarios. The management has concluded that the Group will be able to meet all its obligations due.
- ▶ The hotel operations continue to recover and improve, and the management expects further improvement gradually.

Management acknowledges that uncertainty remains over the Group’s ability to meet its funding requirements and to refinance or repay its banking facilities as they fall due. However, based on the facts and circumstances known at this moment, management has determined that the use of the going concern assumption is warranted and has a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. If for any reason the Group is unable to continue as a going concern, then this could have an impact on the Group’s ability to realise assets at their recognised values and to extinguish liabilities in the normal course of business at the amounts stated in the interim condensed consolidated financial information.

3 BASIS OF PREPARATION AND CHANGES TO THE GROUP’S ACCOUNTING POLICIES

3.1 Basis of preparation

The interim condensed consolidated financial information for the six months ended 30 June 2023 have been prepared in accordance with IAS 34 *Interim Financial Reporting*. The Group has prepared the interim condensed consolidated financial information on the basis that it will continue to operate as a going concern. The management considered that material uncertainties exist that may cast doubt significant doubt over this assumption (Refer to Note 2 for further details). They have formed a judgement that there is a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future, and not less than 12 months from the end of the reporting period.

The interim condensed consolidated financial information does not include all the information and disclosures required in the annual consolidated financial statements, and should be read in conjunction with the Group’s annual consolidated financial statements as at 31 December 2022.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL
INFORMATION (UNAUDITED)

As at and for the period ended 30 June 2023

**3 BASIS OF PREPARATION AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES
(continued)**

3.2 New standards, interpretations, and amendments adopted by the Group

The accounting policies adopted in the preparation of the interim condensed consolidated financial information are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2022, except for the adoption of new standards effective as of 1 January 2023. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Several amendments apply for the first time in 2023, but do not have an impact on the interim condensed consolidated financial information of the Group.

Definition of Accounting Estimates - Amendments to IAS 8

The amendments to IAS 8 clarify the distinction between changes in accounting estimates, and changes in accounting policies and the correction of errors. They also clarify how entities use measurement techniques and inputs to develop accounting estimates. The amendments had no impact on the Group's interim condensed consolidated financial information.

Disclosure of Accounting Policies - Amendments to IAS 1 and IFRS Practice Statement 2

The amendments to IAS 1 and IFRS Practice Statement 2 *Making Materiality Judgements* provide guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures.

The amendments had no impact on the Group's interim condensed consolidated financial information, but are expected to affect the accounting policy disclosures in the Group's annual consolidated financial statements.

Deferred Tax related to Assets and Liabilities arising from a Single Transaction – Amendments to IAS 12

The amendments to IAS 12 *Income Tax* narrow the scope of the initial recognition exception, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences such as leases and decommissioning liabilities. The amendments had no impact on the Group's interim condensed consolidated financial information.

5 GAIN FROM EXTINGUISHMENT OF FINANCIAL LIABILITIES

In prior years, the Group recorded provision for litigation to settle the claim brought against the Group by the contractor of one of the properties of the Group in KSA, in 2015. On 9 June 2021, the Saudi Arbitration Committee ("SAC") issued a final verdict and ruled in favour of the claimant for which the Group was liable to pay a total amount of SAR 155 million (equivalent to KD 12.6 million) pertaining to final payment, retention payments, the compensation for delay in the execution of project, and other project related costs. Based on the advice and updates from the legal counsel, the Group had recorded a provision for the full amount to settle the claim.

5 GAIN FROM EXTINGUISHMENT OF FINANCIAL LIABILITIES (continued)

On 27 September 2022, the Court of Appeal upheld the SAC final verdict issued on 9 June 2021. Furthermore, the Court of Appeal obliged the Group to pay a total amount of SAR 154 million (equivalent to KD 12.6 million). During 2022, the Group had reduced its liability to SAR 154 million (equivalent to KD 12.6 million).

During the current period, the Group has reached a settlement with the contractor to settle the amount of SAR 154 million (equivalent to KD 12.6 million) to be paid in instalments over three years, with a final settlement to be made on 31 October 2025. Accordingly, the Group has discounted its total liabilities of SAR 154 million (equivalent to KD 12.6 million) and recorded a gain of KD 780,205, which is the difference between gross payable and discounted amount that is included under 'gain from extinguishment of financial liabilities' in the interim condensed consolidated statement of profit or loss.

The Group has recognised finance cost amounting to KD 117,049 in the interim condensed consolidated statement of profit or loss for the period ended 30 June 2023 (30 June 2022: Nil) which represents unwinding of the discounted liabilities payable to the contractor.

6 EARNINGS PER SHARE (EPS)

Basic EPS amounts are calculated by dividing the profit for the period attributable to ordinary equity holders of the Parent Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is calculated by dividing the profit for the period attributable to ordinary equity holders of the Parent Company by the weighted average number of ordinary shares outstanding during the period plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares. As there are no dilutive instruments outstanding, basic and diluted earnings per share are identical.

	<i>Three months ended 30 June</i>		<i>Six months ended 30 June</i>	
	2023	2022	2023	2022
Earnings for the period attributable to the equity holders of the Parent Company (KD)	3,066,035	1,039,223	4,915,014	1,186,443

Basic and diluted EPS (Fils)	9.52	3.23	15.26	3.68

There have been no transactions involving ordinary shares between the reporting date and the date of authorisation of this interim condensed consolidated financial information which would require the restatement of EPS.

- a) The fair value of investment properties was independently determined as at 31 December 2022 by accredited independent valuers who are specialised in valuing such type of properties. There were no changes in the Group's valuation processes, valuation techniques, and types of inputs used in the fair value measurements during the interim period. For properties located in KSA, management updated certain assumptions to reflect the latest information and developments mainly based on market conditions existing at the end of the interim reporting period resulting in a remeasurement loss of KD 162,073 (30 June 2022: KD 163,254) for the period then ended. For properties located in Kuwait, management believes that there are no significant circumstances during the interim period that have arisen since year-end which may have a significant impact on fair value.
- b) Investment properties with a carrying value of KD 8,572,037 (31 December 2022: KD 8,572,037; 30 June 2022: KD 8,572,037) are pledged against Islamic finance payables (Note 11).

8 INVESTMENT IN ASSOCIATES (continued)

The Group carried out an impairment assessment during the fourth quarter of the immediately preceding annual reporting period resulting in no impairment loss against any of the associates. Since the impairment test was performed at the end of the last annual reporting period, in light of current economic situation management believes that there are no new triggering events during the current interim period that require the Group to perform an impairment test in accordance with IAS 36.

Islamic finance payables bear an average finance cost of 4.67% (31 December 2022: 4.13%; 30 June 2022: 3.30%) per annum and are denominated in Kuwaiti Dinars.

Murabaha payables are secured over certain of the Group's investment properties. The tawarruq facility with a carrying amount of KD 42.2 million is secured over certain of the Group's investment properties, investment in associates and subsidiaries.

Banking covenants vary according to each loan agreement. A future breach of covenant may require the Group to repay the Islamic finance payable on demand. During the current interim period, the Group did not breach any of its loan covenants, nor did it default on any other of its obligations under its loan agreements.

12 FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, based on the lowest input that is significant to the fair value measurement as a whole, as follows:

- ▶ Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ▶ Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ▶ Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For financial instruments that are recognised at fair value on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The valuation techniques and inputs used in this interim condensed consolidated financial information are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2022.

The fair value of financial instruments classified as level 3 are, in certain circumstances, measured using valuation techniques that incorporate assumptions that are not evidenced by the prices from observable current market transactions in the same instrument and are not based on observable market data. The Group employs valuation techniques, depending on the instrument type and available market data. For example, in the absence of active market, an investment's fair value is estimated on the basis of an analysis of the investee's financial position and results, risk profile and other factors. Favourable and unfavourable changes in the value of financial instruments are determined on the basis of changes in the value of the instruments as a result of varying the levels of the unobservable parameters, quantification of which is judgmental. The management assessed that the impact on profit or loss or other comprehensive income would be immaterial if the relevant risk variables used to fair value the financial instruments classified as Level 3 were altered by 5 percent.

For other financial assets and financial liabilities carried at amortised cost, the carrying value is not significantly different from their fair value as most of these assets and liabilities are of short-term maturity or are re-priced immediately based on market movement in profit rates.

As at and for the period ended 30 June 2023

For management purposes, the Group organises its operations by geographic regions, primarily Kuwait and KSA.

The table below presents revenue and results and assets and liabilities information regarding the Group's geographic segments. The Group, including associates are primarily engaged in real estate activities and accordingly no separate business segment is presented.
