**Independent Auditor's Report on Review of Interim Condensed Financial Information  
(Unaudited)**

*Introduction*

We have reviewed the accompanying interim condensed statement of financial position of Noor GCC Islamic Fund (the "Fund") as at 30 September 2022, and the interim condensed statements of comprehensive income, changes in equity and cash flows for the period then ended. The Fund Manager is responsible for preparation and presentation of this interim condensed financial information in accordance with International Accounting Standard 34: "Interim Financial Reporting" ("IAS 34"). Our responsibility is to express a conclusion on this interim condensed financial information based on our review.

*Scope of Review*

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and, consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

*Conclusion*

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34 (Interim Financial Reporting).

**Report on Other Legal and Regulatory Requirements**

Furthermore, based on our review, the interim condensed financial information is in agreement with the books of account of the Fund. We further report that nothing has come to our attention indicating any violations during the nine month period ended 30 September 2022 of Law No. 7 of 2010 regarding Establishment of Capital Markets Authority and Organization of Security Activity, its Executive Regulations, as amended, and the Fund's Articles of Association, as amended, which might have materially affected the Fund's activity or its financial position.

**Notes to Interim Condensed Financial Information (Unaudited)**  
For the period ended 30 September 2022

**1. General Information**

Noor GCC Islamic Fund ("the Fund") is an open-ended investment Fund domiciled in the State of Kuwait. The Fund has been incorporated on 13 February 2007 as an open-ended investment fund with a five-year period in accordance with the Decree Law No. 31 of 1990 on the Regulation of Securities Trading and the Establishment of Investment Funds.

The term of the Fund is five years commencing from the date of establishment. This term is renewable for further similar periods subject to approval of more than 50% of the unit holders.

On 19 November 2020, the Capital Markets Authority (CMA) has approved the renewal of the Fund's license for three years renewable for similar periods effective from 5 February 2021.

The Fund aims to realize long-term capital profits, to develop returns by mainly investing in the listed shares or holding interests in the companies that will be listed in Kuwait Stock Exchange, or in the official GCC stock exchanges and to invest the surplus in investment instruments market (short and medium-term deposits that are in compliance with Islamic Sharea' principles) while considering the restrictions applicable to investment in such system.

The Fund is being managed by Noor Financial Investment Company K.P.S.C. ("the Fund's Manager") whose head office is located in Noor building, Shuwaikh, intersection of Jahra Street and International Airport Road, P.O. Box 3311, Safat 13034, the State of Kuwait.

Gulf Custody Company K.S.C.C. is the Fund Custodian, Investment Controller and Unitholders registrar.

The Fund Manager has amended some articles of the Fund's Articles of Association in accordance with Resolution No. (1) of 2022 issued by the Capital Markets Authority regarding the amendment of some provisions of collective investment schemes. Up to the reporting date, the amended Articles of Association had not been approved by the Capital Markets Authority.

The interim condensed financial information for the nine month period ended 30 September 2022 was approved for issue by the Fund Manager on 18 October 2022.

**2. Basis of preparation**

The Fund's interim condensed financial information has been prepared in compliance with the International Accounting Standard No. 34 "Interim Financial Reporting". This interim condensed financial information does not include all the information and disclosures required for preparation of complete financial statements prepared in accordance with International Financial Reporting Standards ("IFRSs"). In the opinion of the Fund's management, all adjustments (consisting of normal recurring accruals) considered necessary for fair presentation have been included.

Operating results for the nine month period ended 30 September 2022 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2022. For further information, refer to the annual audited financial statements of the Fund for the financial year ended 31 December 2021 ("last annual financial statements").

## 2. Basis of preparation (continued)

### Changes in significant accounting policies

#### New standards, interpretations, and amendments applied by the Fund

The accounting policies adopted in the preparation of this interim condensed financial information are consistent with those adopted in the preparation of the annual financial statements of the Fund for the financial year ended 31 December 2021, except for the application of new standards effective as of 1 January 2022, which do not have a material impact on the interim condensed financial information of the Fund. Details of such amendments are as follows:

Several amendments are applied for the first time in 2022, but they do not have an impact on the interim condensed financial information of the Fund.

- Amendments to IAS 37: Onerous Contracts – Costs of Fulfilling a Contract.
- Reference to the Conceptual Framework - Amendments to IFRS 3.
- Property, Plant and Equipment: Proceeds before Intended Use - Amendments to IAS 16.
- IFRS 9 Financial Instruments – Fees in the '10 per cent' test for derecognition of financial liabilities.

The Fund has not applied any standards, interpretations, or amendments issued but not yet effective.

#### Use of judgements and estimates

In preparing this interim condensed financial information, management has made judgements and estimates that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by management in adopting the Fund's accounting policies and the key sources of estimation uncertainty were the same as those described in the last annual financial statements.

The Fund has established a control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of IFRS, including the level in the fair value hierarchy in which the valuations should be classified.

When measuring the fair value of an asset or a liability, the Fund uses market observable data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques.

Further details about the assumptions made in measuring fair value are included in Note 13.

**8. Management Fees**

The Fund Manager is entitled to management fees of 1.5% of the Fund's net assets value per annum which are payable every three months within fifteen days of the operation. Where the Fund aims to realize an annual return of 15% (i.e. targeted performance standard), the Fund Manager is entitled, plus the management fees, to incentive fee of 15% of the realized value that exceeds the targeted performance standard and are payable at the end of financial year. Should an investor redeem the units during the financial year, the incentive fees will be calculated on returns that exceeds 15% relating to value of the redeemed units only. In all cases, the maximum fees paid to the Fund Manager may not exceed 5% per annum.

**9. Fund Custodian fees**

Gulf Custody Company K.S.C.C. undertakes the duties of the Fund Custodian against total annual fees of 0.0625% of the Fund's net asset value, which are calculated monthly and payable quarterly.

**10. Investment controller fees**

Gulf Custody Company K.S.C.C. undertakes the duties of the Investment Controller against total annual fees of 0.0625% of the Fund's net asset value for its duties as Investment Controller, which are calculated monthly and payable quarterly.

**11. Related party balances and transactions**

They represent transactions with major Unitholders, the Fund Manager, Fund Custodian and Investment Controller and are subject to the provisions of the Fund's prospectus.

In accordance with the Fund's Articles of Association, participation of the Fund Manager in the Fund's units must not be less than 5% of and not exceed 95% of the total units placed for public subscription. He may not dispose of or redeem such units throughout his management period of the Fund. As at the interim condensed statement of financial position date, the Fund Manager holds 4,850,000 units representing 71.28% of the Fund's subscribed units (31 December 2021: 4,850,000 units representing 70.83% of the Fund's subscribed units and 30 September 2021: 4,850,000 units representing 70.75% of the Fund's subscribed units).

**12. Cash dividends**

During the period ended 30 September 2022 and based on the Fund Manager's decision on 27 March 2022, the Fund distributed cash dividends of 20 fils per unit with a total amount of KD 136,802 for the financial year ended 31 December 2021 (2020: nil), to all unit holders of the Fund who are subscribers in the Fund's register at the end of the due date of 28 April 2022.

**13. Financial instruments**

**Fair value of financial instruments**

The fair value represents the price that could be received through selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of financial assets traded in active markets is based on market prices at highest bid price on the trading date at end of the period / year.

The following analysis provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, Grouped into Levels 1 to 3 based on the degree to which the fair value is observable:

The hierarchy levels of fair value are set out below:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (inputs relating to prices).

Level 3: Inputs for the assets or liabilities that are not based on observable market information (unobservable inputs).

The level within which the financial assets are classified is determined based on the lowest level of significant input to the fair value measurement.

For the period ended 30 September 2022

**13. Financial instruments (continued)**

**Fair value of financial instruments (continued)**

The financial assets measured at fair value in the interim condensed statement of financial position are grouped into the fair value hierarchy as follows:

<b>30 September 2022</b>	<b>Level 1</b>
	<b>KD</b>
<b>Financial assets at fair value through profit or loss</b>	
Investments in quoted securities - Kuwait	1,536,325
Investments in quoted securities - Gulf Cooperation Council Countries	4,368,807
	<u>5,905,132</u>
<b>31 December 2021 (Audited)</b>	<b>Level 1</b>
	<b>KD</b>
<b>Financial assets at fair value through profit or loss</b>	
Investments in quoted securities - Kuwait	1,609,380
Investments in quoted securities - Gulf Cooperation Council Countries	4,223,886
	<u>5,833,266</u>
<b>30 September 2021</b>	<b>Level 1</b>
	<b>KD</b>
<b>Financial assets at fair value through profit or loss</b>	
Investments in quoted securities - Kuwait	1,596,369
Investments in quoted securities - Gulf Cooperation Council Countries	4,349,672
	<u>5,946,041</u>

The fair value of financial instruments traded in active markets is based on quoted market prices at the reporting date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

The quoted market price used for the financial assets owned by the Fund is the best bid price. These instruments are included in Level 1.

The Fund does not have financial instruments that are classified under Level 2 and Level 3, under the measurement category at fair value as at the date of the interim condensed financial information.
